11 April 2019

To: All Tobacco Growers
cc: Contractors
Merchants
Agrochemical Companies

Dear Grower

AGROCHEMICALS APPROVED BY THE TOBACCO RESEARCH BOARD: 11 APRIL 2019

The agrochemicals approved for use on tobacco by the Tobacco Research Board during the second quarter of 2019 are shown in Table 1. Any agrochemical not appearing in the table is either not currently countenanced by the TRB or has been removed from the list of approved agrochemicals based on the provisions of the new Pesticide Approval Scheme Service which came into effect on 1 July 2011. The list of agrochemicals which TRB no longer approves for use on tobacco and whose approvals will not be renewed are shown in Table 2. As previously advised, in-order to safeguard human and environmental health, growers and agrochemical companies should note that, with effect from January 2019, Methomyl and Chlorpyrifos have been added to the list of agrochemicals that will no longer be recommended by the TRB. Withdrawal of the two products has been necessitated by the highly hazardous nature of these pesticide formulations, with Methomyl falling in the World Health Organisation (WHO) category Class Ib. Additionally, the two agrochemicals have shown high incidences of severe and/or irreversible adverse effects on human health. Furthermore, growers are reminded that the application of copper based products in the field is not recommended due to the resultant copper residues in the cured leaf.

If you have any queries regarding the above, or require further information on a particular product, please feel free to contact, Kutsaga Research Station's Crop Productivity and Plant Health Services Divisions on telephone (04) 2575 289-94 or toll-free, 0800 4511 or Email: tobres@kutsaga.co.zw or visit Kutsaga Research Station, Airport Ring Road, Harare.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'Rhoda'.

Rhoda Mavuka (Mrs.)

Co-ordinator – TRB Pesticide Approval Scheme Service

TABLE 1: AGROCHEMICALS APPROVED FOR USE ON TOBACCO – 11 APRIL 2019

TABLE 2: AGROCHEMICALS WHICH HAVE BEEN DROPPED FROM THE LIST OF TOBACCO-APPROVED AGROCHEMICALS

ACTIVE INGREDIENT	CATEGORY
Aldicarb	Nematicide
Acephate	Insecticide
Fenvalerate	Insecticide
Methamidophos	Insecticide
Monocrotophos	Insecticide
Thiodicarb	Insecticide
Benomyl	Fungicide
Alachlor	Herbicide
Dimethenamid	Herbicide
Metolachlor	Herbicide
Trifluralin	Herbicide
Butralin	Growth Regulant
Chlorpyrifos	Insecticide
Methomyl	Insecticide

Sent by Kutsaga Seeds as a service to growers to ensure sustainable and responsible tobacco production.
